WE ARE INTRODUCING FOR 1945

SIR GALAHAD

I. D.—Orange tipped and slightly edged gold. Blooms averaging about ten inches in diameter and six inches deep. Blooms are held facing on extremely long and strong straight stems. Heavy dark green insect resistant foliage, not too much greenery. Flowers well out of foliage. Very good keeper when cut and prolific bloomer. Winner of A. D. S. Achievement medal and on Mr. Richard T. Eddys west coast and Mr. Lynn B. Dudley's east coast Honor Roll in the Flower Grower Magazine. It has won many first places in Southern California Dahlia shows for the past four years. Seedling of Margrace, certified at Storrs Connecticut in 1944, scoring 85.6-L. We are pleased to offer this fine new origination at \$15.00 per root, net.

MRS. RICHARD G. ATKINSON

I. D.—Lemon yellow. A natural producer of very large blooms. We have won the largest bloom in show several times with blooms 14½ inches by ten inches deep. Average blooms about eleven to twelve inches. Very prolific for such a large dahlia. Good stems, flowers facing. Medium sized plant, and early bloomer. In one year we entered three shows and won three largest bloom awards and two best in show. Has also won several other awards. It was certified at Storrs Connecticut in 1943, scoring 85E and at Midwest Trial grounds in 1944, scoring 85.3E. Following is the trial grounds report—Light greenish yellow. Flowering habit good; stem 6-9¾ in., heavy stiff, erect. Size of flowers 8½-11¾ in., depth 3¾ inches. Height 4 ft. 6 in. On Mr. Lynn B. Dudley's Flower Grower Honor Roll. We are releasing this pleasing dahlia at \$15.00 per root, net.

THE FINEST DAHLIA SEED AVAILABLE

Our gardens are very severely rogued each week all during the growing season for any plants showing virus disease, stunt or unhealthy in any other way. These plants are removed immediately and destroyed. We find this to be the only sure way to keep clean healthy stock. Our seed are produced from this stock. We have no small flowered varieties growing in our gardens thus assuring you of the finest quality seed. We do not misrepresent any seed; you get what you order or money refunded. All seed are tested by hand before shipping.

Please give first, second and third choice of varieties wanted when ordering, as we make no substitutions without your consent. Orders are filled in rotation and some varieties are sold out before others, so please place your orders early to avoid disappointment.

We expect to have seed available after January 1st of the following named varieties:

ALICE MAY
ALL AMERICAN
AZTEC CHIEF
BEAUTE
CALIFORNIA IDOL
CARL G. DAHL
CHAUTAQUA DAWN
CHEROKEE BRAVE
DAHLIAMUM

DIXIES WINEDOT
DON SOWTON
EDITHE WILKIE
ENCHANTRESS
EVENTIDE
FRANCIS DEWEY
